WALLA WALLA SYRAH

2020

ABOUT

Dense and complex, this gorgeous wine from intensely rocky terroir is expressive yet structured. Superb aromatics of black licorice, mulberry compote, mocha, and earth. Brimming with energy, this Syrah is dense with harmonious fruit on the palate.

Our 2020 Walla Walla Valley Syrah is an equal blend of Lefore and Stoney Vine Vineyards in the Rocks District of Milton-Freewater. The combination of older, well-established and tall VSP vines from Lefore and head-trained vines from Stoney Vine complement each other stylistically to express a wide-ranging aromatic profile of floral notes, dark fruit, and savory undertones.
